## LANGUAGE

**English: B2**

**French: A2**

**Arabic: Native language**

## About Me

Passionate Junior **Frontend Developer** with hands-on experience building **responsive** and **interactive** web applications using **HTML**, **CSS**, and **JavaScript**. I enjoy turning ideas and designs into clean, **user-friendly** interfaces while continuously improving my problem-solving and development skills. Currently expanding my knowledge in React, **UI/UX design** with **Figma**, and modern web development tools.

## PROFESSIONAL SKILLS

### Front-end

- **HTML5**
- **CSS3**
- **JavaScript**
- **Responsive Design**
- **DOM Manipulation**

### Tools

- **Git**
- **GitHub**
- **Figma**
- **Browser DevTools**

### Leaning now

- **React**
- **PHP**
- **SQL**

## SOFT SKILLS

### →Creativity

Turning ideas into engaging and user-friendly digital experiences.

### →Adaptability

Learning new tools and adjusting quickly to different project needs.
